

EKKX 2X2X0,5/4X2X0,5

Telecommunication cable:

Max conductor temperature: -25 / +70°C

Voltage rating: 100 V

Application:

EKKX is a PVC insulated and PVC sheathed communication cable for fixed installation indoor in private communication networks.

Standards:

Conductor: SS 424 16 10

Insulation: SS 424 16 10

Construction: SS 424 16 10

Flame retardant: IEC 60332-1

Construction:	
Conductor:	Bare solid copper 0,52mm
Insulation of conductors:	PVC
Colour/Marking (2 pair)	orange-white/orange blue-white/blue
Colour/markings (4 pair)	orange-white/orange blue-white/blue brown/brown/white green-green/white
Outer sheath	PVC
Marking	Ex. EKKX 2X2X0,5 AMO I

Type/Code	Cross-section	Insulation thickness [mm]	Conductor diameter [mm]	Outer sheath wall [mm]	Outer diameter nom. [mm]
EKKX 2X2X0,5	0,5	0,2	1,0	0,6	4,2
EKKX 4X2X0,5	0,5	0,2	1,0	0,6	6,0
