welcome

Indoor security camera
with face recognition

Receive home intruder alerts
direct to your smartphone

INTRUDER ALERTS

Sends an immediate alert if it identifies an intruder in your home, complete with a picture of their face and a video recording.

EFFORTLESS SETUP

Place the camera indoors, facing your entrance, plug it in and download the App on your smartphone. That's it!

ALARM DETECTION

When the camera hears an alarm, such as a security or smoke alarm, it sends a notification to your smartphone and records a video.

How does Welcome ensure your videos stay private?

Videos and identification data are stored privately on the camera's microSD card. Remove the SD card and all identification data and videos are removed from the camera.

A powerful experience

Privacy: Leave family members off the record

No monthly fees, free video storage

Pet detection

Infrared night vision

130° field of view
